

- **Company Name:** SAT Holdings Pvt Ltd
- **Tagline:** "Building Dreams, Empowering Lifestyles."
- **About Us:** Originally established as a leading engineering solutions provider for the Sri Lankan construction industry, SAT Holdings has successfully diversified. With over 5 years of excellence, we have now expanded into international trade and local manufacturing, bringing the same commitment to quality to household electronics and industrial imports.
- **Vision:** To be Sri Lanka's most admired and trusted provider of professional engineering services and innovative consumer products.
- **Mission:** To provide innovative, customized solutions through a result-oriented team spirit, whether in large-scale construction or manufacturing high-quality household essentials.

2. New Business Segments

A. Manufacturing (Flagship Project)

- **Rice Cooker Manufacturing:** Proudly pioneering the first-ever Rice Cooker manufacturing facility in Sri Lanka. We are dedicated to localizing technology to provide durable, high-efficiency kitchen solutions for Sri Lankan homes.
- **B. Import & Trading**
 - **Electronic Household Items:** Importing premium quality kitchen and home appliances, including Electric Kettles, Rice Cookers, and more.
 - **Bathware:** Sourcing elegant and durable bathware solutions for modern residential and commercial needs.
 - **Aluminum Profiles:** Supplying high-grade aluminum profiles for the construction and architectural sectors.
- **C. Engineering & Construction (Existing Core)**
 - **Building & Road Construction:** Continued excellence in civil engineering projects.
 - **Machinery & Vehicle Hiring:** Providing a fleet of 43+ specialized vehicles including Excavators, Rollers, Graders, and Dump Trucks.
 - **Soil Protection & Turfing:** Specialized environmental engineering services.

3. Updated Strengths & Quality Assurance

- **Triple Quality Check:** Our rigorous system, originally designed by construction experts, is now applied across our manufacturing and import lines to ensure every product exceeds client expectations.
- **State-of-the-Art Infrastructure:** Continued investment in international-standard machinery and now, advanced manufacturing technology for electronics.
- **Proven Track Record:** Over 21 major projects completed and 24+ corporate clients served.

4. Contact Information

- **Address:** 1028/B7 Midway Park, Liyanagoda, Pannipitiya, Sri Lanka.
- **Phone:** +94 772346283 / +94777410011 / +94 112160620.

- **Email:** holdingssat@gmail.com.
- **Website:** www.satholdings.lk.

Recommendations for new Website:

1. **Home Page:** Feature a hero banner highlighting the "First Rice Cooker Manufacturing Project in Sri Lanka" alongside your construction legacy.
2. **Product Catalog:** Create a dedicated section for "SAT Electronics" (Rice Cookers, Kettles) and SAT Aluminum /Bathware" with high-quality images.
3. **Project Gallery:** Keep "Road Map" (Southern Highway projects, RDA works) to maintain your engineering credibility.
4. **Manufacturing Section:** Add a page detailing the manufacturing process to emphasize "Made in Sri Lanka" quality
